

Primitive Aboriginal Dog Society International

Dear Aboriginal Dog Enthusiast,

We would like to invite you to join the Primitive Aboriginal Dog Society International (PADS International).

PADS International is an organization concerned with the preservation of primitive aboriginal dogs. Its major purpose is to facilitate the communication between people with common interests in dogs, research, discovery and preservation of primitive aboriginal dogs worldwide.

There are many primitive aboriginal dogs in many parts of the world. At present, some of them have become split into two populations: those kept by people without registry and a purebred population. There are a few primitive aboriginal dogs living only with native people unregistered and many of them have become nearly extinct. One major goal is the preservation of primitive aboriginal dogs and the education of the dog loving public about the special value of primitive aboriginal dogs.

Sincerely,

Vladimir Beregov
Curator, Primitive Aboriginal Dog Society International
